REASON FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claimed combination including the limitations directed to estimating a trapped diesel particulate matter (DPM) amount in the filter on the basis of a pressure loss in the filter during running following uninterrupted completion of the previous regeneration processing in the previous regeneration processing of the filter, and estimating a trapped DPM amount in the filter on the basis of a discharged DPM amount during running following an interruption in the previous regeneration processing in the course of the previous regeneration processing of the filter, is not disclosed nor rendered obvious over the art of record.
